

PROJECTED HIGHWAY USER REVENUE DISTRIBUTION

**PREPARED BY THE
NEBRASKA DEPARTMENT OF ROADS
CONTROLLER DIVISION**

INTRODUCTION

The Nebraska Department of Roads prints this publication as a financial and budgeting aid to all counties, cities and villages within the State. Shown are estimated revenues, which each county, city or village can expect to receive during the stated periods.

The distribution is sent to the county, city or village treasurer each month. The projection estimates are based on past history of the Highway Allocation Fund and projected Highway User Revenue. Distribution amounts will depend on the actual amount of Highway User Revenue collected.

Incentive Payments are remitted in February to those counties, cities and villages that had a licensed superintendent engaged in a full road and street program, as per Statute 39-2502 and 39-2512, during the previous calendar year. City and village payments are based on total population and the class of license held (A or B) by the street superintendent. County payments are based on rural population, the class of license held (A or B) by the highway superintendent and are also dependent, as per Statute 39-2504, on whether a county employs the superintendent or contracts with a consultant engineer, other person or another county or municipality. Amounts shown are payments allowed, not payments remitted.

The Make-up Funds, when necessary, are remitted to assure that no county receives less revenue from the Highway Allocation Fund, "based upon the 1976 tax rates for highway user fuels and registration fees", than it received in calendar year 1969 from State Gas Tax and Motor Vehicle Registration Fees. Highway Allocation payments made directly to the county and any relinquished to it by cities are totaled and compared to the base year for determining the amount of the make-up payment. Make-up Fund payments are made from Highway Allocation Funds.

The Build Nebraska Act becomes effective July 1, 2013, which designates one quarter of one percent of general fund sales tax revenue for Nebraska roadways. Eighty-five percent is for the state highway system and fifteen percent is for local roads and streets. The Local share is distributed through the Highway Allocation Fund based on the established factors.

All counties, cities and villages desiring to receive their full apportionment each year must, during the previous year, have met their local matching requirement. Each county must raise locally 25% of all Highway allocation revenue received (excluding incentive payments). Each city or village with a population of 100,000 or above must raise 50% of all Highway Allocation revenue received (excluding incentive payments). Each city or village with a population below 100,000 must raise locally 25% of all Highway Allocation revenue received (excluding incentive payments).

These projections do not include quarterly Motor Vehicle Fee payments.
